

How to see CCORE Tokens in MyEtherWallet

To see Ccore Tokens in your wallet you need to create it, i.e. specify address, token symbol and decimals. The following steps describe how to do this:

1. Add Ccore Token.

- Go to the “Token Balances” topic
- Press “Add Custom Token”
- Fill the fields of Ccore Token

Address: **0x679BADc551626e01B23CeecEFBc9B877EA18fc46**

Token Synbol: **CCO**

Decimals: **18**
