

How to see CCOIN Tokens in MyEtherWallet

To see Ccoin Tokens in your wallet you need to create it, i.e. specify address, token symbol and decimals. The following steps describe how to do this:

1. Add Ccoin Token.

- Go to the “Token Balances” topic
- Press “Add Custom Token”
- Fill the fields of Ccoin Token

Address: **0xcb8014ce601DD1515d05C2d0413e98A28b6ddE0e**

Token Symbol: **CCO**

Decimals: **6**
